White £124

This range of furniture shown in Lilac includes a variety of cabinet and worktop options - see following pages for alternative finishes and prices.

Lilac finish - one 720mm basin unit, two 360mm base units and a wall cabinet with mirror and light, including a 1085mm oak worktop. Composition price **£1946**. Basin shown is the Squeak in Black see page 20.

# Mezzaria

BRANCHETTI

The Mezzaria range of furniture has been made for us by the much respected Italian Branchetti company. These module systems allow total design freedom with their wall hung compositions that are wonderfully adaptable to suit almost any bathroom setting.

Choose from the rich wood veneers shown on the following page or from the two high gloss laminate finishes shown here to create a most stylish and totally modern atmosphere.

**Drawers** - these are constructed from steel grey aluminium sides and MDF bottom. They are operated by Swiss made Blum Motion runners that provide a silky smooth movement and have a 'soft close' mechanism. Fixed drawer accessories are supplied with the 720mm basin unit.

**Body** - The panels are certified W100 waterproof to ensure excellent resistance to the water and moisture typical of the bathroom environment.

**Installation** - Stainless steel wall fixings and brackets are supplied for easy high strength wall mounting.

Bordeaux finish, one 720mm and two 360mm base units topped by a 1445mm wenge worktop, two wall cabinets and mirror with light - composition price £2282. Shown with the Eye basin see page 24.

Detail of wall cabinet with glass shelf

A pair of 720mm units in Bleached Oak diagonally stacked - shown with Squeak basin and Forma tap see pages 20 and 56 respectively.

Drawer accessories for basin unit allowing waste and bottle trap accommodation.

Aluminium drawers operated by Blum Motion drawer runners with 'soft' close function.

*(Including 2 x BWSUP45 support brackets)*

Fit the brackets only or combine with the matching towel rail and fixings.

Rails can be cut to size and are supplied with a removable decorative end cap which can be refitted after cutting.

# Worktops

BRANCHETTI

These worktops match the cabinets shown on the previous pages they are available in two thicknesses, two finishes and a variety of sizes.

## Worktops<sup>120</sup>

These chunky worktops are an impressive 12cm deep and are the perfect partner for freestanding wash basins. They are ideal as simple shelves or used as worktops with the Cube and Mezzaria furniture range. Certified W100 waterproof.

**Fixings** - Each top requires two steel cantilever-lever support arms that are specially designed to be concealed within the worktop providing a strong but invisible support.

**Fabrication** - These worktops are of a hollow construction to reduce weight and ease load bearing on wall.
