

20^{year}
warranty

Over the next few pages you will discover a beautiful collection of contemporary Italian WC's, bidets and basins. The WC's are available in both the standard close-couple format and the increasingly popular back-to-wall and wall-hung forms. Our basin collection comprises freestanding vessels, insets that can be set in to worktops and cabinets as well as the traditional pedestal style.

We have chosen not to sell these products in suites, but instead encourage you to take your pick from the different ranges to make up your own bespoke bathroom. This way we are sure you will discover the perfect combination to suit you and your home.

Sanitaryware

Poing

The **Poing** family offers a choice of three WC's - *close couple, back to wall and wall hung* - the wall hung is shown on page 10.

All offer the same ultra-modern European styling that will add a very cool elegance to your bathroom. All models fit flush against the wall providing a clean minimalist appearance with the bonus of easy to wipe down surfaces.

Soft-Close seats

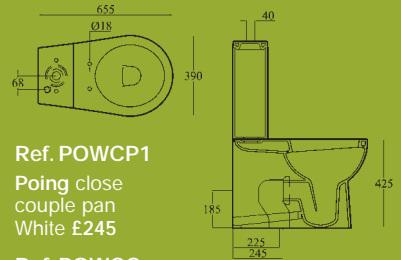

For that added feeling of opulence we have offered the choice of the latest 'soft-close' toilet seats - both lid and seat close with a hushed silky slow-motion.

Close Couple

The close couple cistern is fitted with the latest technology Geberit cistern fittings - providing a 3 or 6 litre flush.

Please note only suitable for horizontal outlet - not 's' bends into the floor.

Lazer

Close Couple

The crisp clean lines of the **Lazer** family will add a very chic look to any bathroom. The flush to wall lines not only adds to the Lazer's modern design but ensures easy wipe down surfaces.

The cisterns are fitted with the latest German Gerberit twin flush fittings.

For Back to Wall and Wall Hung versions see pages 12-13.

Wall Hung

The Lazer Wall Hung series is the perfect answer for adding a modern and minimalist look to your bathroom.

We also offer this option in a black finish for the extra wow factor.

See page 148 for our suspension frame systems.

WC Suites

Fly

The Fly is available in two installation types, Wall Hung and Back to Wall, both types share the same extremely aesthetically pleasing egg shape that suits both modern and traditional homes.

Soft-Close seats

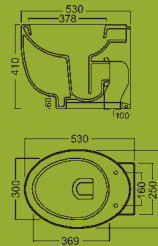

For that added feeling of opulence we have offered the choice of the latest 'soft-close' toilet seats - both wrap-over lid and seat close with a hushed silky slow motion.

Back to Wall

By using a concealed cistern the Fly back to wall range provides a modern uncluttered mood in the bathroom.

See page 148 for our concealed cistern.
